Re: Zoning Commission Case #05-42
Support letter for Sibley Hospital

Dear Chairperson Mitten:

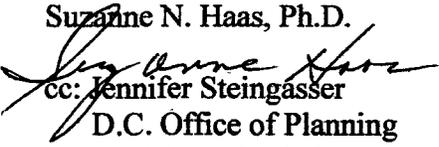

I strongly support the zoning change that will enable Sibley Hospital to build medical offices and a related parking garage.

The reasons I support the zoning change that will allow the construction are as follows:

- (1). Unfortunately, due to health problems, I have been a frequent visitor to Sibley Hospital and a Doctors' Medical Building would certainly make patients medical processes more efficient in terms of time and clarity of test administration processes. Although, I do not know if my doctors will inhabit this new structure, I do know that 100 doctors will and many patients will benefit.
- (2). Parking, as you know is a special issue in D.C. and the parking facility is a critical to the success of the proposed Medical Building.
- (3). Sibley Hospital has a sterling reputation and the addition of this building and related parking garage is a step into Sibley's future. Other hospitals have proceeded with this orientation for decades.
- (4). I am a resident of D.C. (4301 Massachusetts Ave. N.W.) and I believe the new Medical Building would be a wonderful asset.

Sincerely,

Suzanne N. Haas, Ph.D.
