Re: Zoning Commission Case No. 05-42
PUD and Zoning Map Amendment Application
Letter of Support for Medical Office Building/Garage at Sibley Hospital

Dear Chairperson Mitten and Commission Members:

We built our home eight years ago in Spring Valley West because of the proximity to our workplaces and the convenience to grocery shopping, pharmacy, banking, church, doctors and hospital.

We are writing to support Sibley Hospital's proposal to build a medical office and accompanying garage. We believe this addition will complement the existing facility, increase the services, and help maintain Sibley's exceptional reputation in our local community and in northwest DC. Sibley Hospital has always been a good neighbor. It not only provides excellent health care, but has also made available its auditorium space for large neighborhood meetings.

We feel the scope of this planned project is appropriate and will have no negative or adverse impact on our community. In fact, we believe the project will enhance the community and reaffirm Sibley's award-winning reputation.

Sincerely,

Ellen L. Warren
