Dear Ms. Mitten and Commission Members:

I am a resident of Sherier Place, just below Sibley Hospital in the Palisades. I am writing in regards to the new office building being considered at this time. We are very lucky in this neighborhood to not have a lot of traffic to contend with in our daily lives. The increase in traffic seems to be considerable. It also will coincide with the truck traffic from the dewatering facility. This will have a very big impact on my and my neighbors daily travel routines. Please postpone final decisions until all traffic implications have been considered.

Thank you for your attention to this matter.

Sincerely,

Lynn Brownell
