Dear Mr. Price:

On June 6, the Palisades Citizens Association (PCA) held its June General Meeting. At the meeting, members of the Association comprehensively discussed the topic of Sibley's proposed medical office building and parking garage. We are particularly pleased that you and your staff made a third presentation to the PCA at the meeting and answered the many questions of Palisades neighbors.

At the meeting, the membership held a vote and by a margin of 35 to 18 voted to endorse the following resolution:

Resolved that the Palisades Citizens Association endorses the Sibley Hospital medical office building facility and accompanying parking garage provided that Sibley will implement policies and programs to minimize traffic and environmental effects to include optimization of use of metrosystem and bus.

We look forward to working with you to address these and other issues as the project moves forward. If there is anything additional you may need, do not hesitate to contact me at 202-342-0985 or via email at williamspencer@yahoo.com.

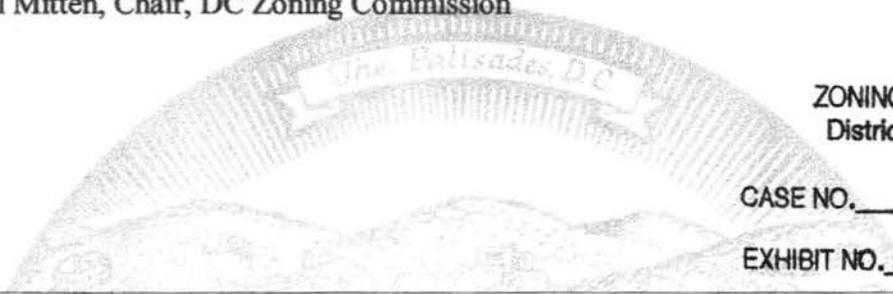

Best regards,

Spence Spencer
President
