Re: GW Campus Plan Cases #06-12 and #06-19

Dear Zoning Commission:

Alex Boutique is hereby providing a letter of support for the George Washington University's Campus Plan on its Foggy Bottom Campus in 2006.

This Plan will undoubtedly benefit both the city but also local businesses in Foggy Bottom and George Washington University by increasing traffic to the area thereby increasing sales and increasing taxable revenue that goes back to the city. This plan has been vetted with all concerned parties and has involved the community, the university, and the neighborhood businesses. I feel that they have taken time to consider the interests of all those parties and have presented a plan that includes recommendations set forth by everyone.

The collaborative effort that was taken by George Washington University is impressive and this plan will be an asset to the growth and economic development of the Foggy Bottom district. As such, I wholeheartedly support this endeavor as a local business and citizen of the district.

Thank you very much for your consideration of this letter. Should you require any additional information, do not hesitate to contact me.

Sincerely,

Liberty Jones
