

EXHIBIT Y
Proposed Campus Plan Conditions

GENERAL CONDITIONS

1. The Applicant's proposed campus plan replaces the George Washington University Foggy Bottom Campus Plan: Years 2000 through 2009. This campus plan is approved until June 30, 2025, subject to the following conditions, or until such time prior to June 30, 2025 as the Zoning Commission determines that conditions warrant submission of a campus plan amendment or an updated campus plan.
2. The Applicant will not initiate litigation challenging Zoning Commission action which approves the Foggy Bottom Campus Plan: 2006 – 2025 as submitted by the University, including these Conditions 1-25, so long as such approval is not contingent on additional conditions to which the Applicant has not specifically agreed.
3. The campus plan boundary for the Foggy Bottom Campus Plan: 2006 – 2025 shall remain consistent with the campus plan boundary established by the Board of Zoning Adjustment with respect to the Foggy Bottom Campus Plan: Years 2000 through 2009 (Order No. 16553-1). The properties included within the Foggy Bottom Campus Plan boundary are depicted in Exhibit I of the proposed Foggy Bottom Campus Plan: 2006 – 2025 and are specifically identified and listed in Appendix 1 attached hereto.
4. New development on campus resulting in additional density or change in use shall substantially conform with the approved campus plan (as set forth in Condition 1), with the exception of minor renovation projects including those necessary to address building code compliance.
5. The University shall notify the Office of Planning, ANC 2A, and the Advisory Committee (established pursuant to Condition 9) of its intent to develop a specific site on campus, following approval of the development proposal by appropriate University committees and the University's Board of Trustees, and prior to preparation of final detailed plans and specifications.
6. The University shall submit a second-stage Planned Unit Development application for each new development the University proposes over the term of the Foggy Bottom Campus Plan: 2006 – 2025. Each application shall include the following:
 - a. Demonstration of compliance with applicable provisions of the zoning regulations and the contents of the approved Foggy Bottom Campus Plan: 2006 – 2025;
 - b. A showing that the use, height, bulk, and design (including the location of any means of ingress and egress) of the proposed structure is sensitive to and compatible with adjacent and nearby non-University-owned structures and uses;

- c. An indication of any need for, amount of, and proposed locations of interim leased space necessary to accommodate housing and/or activities displaced by construction and/or activities intended to be located permanently in the completed structure;
 - d. A report recalculating the University's total FAR within the campus plan boundaries, which shall also be submitted directly to the Office of Zoning and the Zoning Administrator. Information included in the report shall be broken down by zoning district and include the following: existing FAR, FAR under development pursuant to Commission approval, and FAR upon completion of proposed structure;
 - e. The most recent Foggy Bottom Campus Plan Compliance Report (as set forth in Condition 24) evidencing compliance with the approved Foggy Bottom Campus Plan: 2006 – 2025, including the most recent reported counts of Foggy Bottom student headcount, Foggy Bottom student full-time equivalent, Foggy Bottom faculty and staff headcount, Foggy Bottom faculty and staff full-time equivalent, full-time Foggy Bottom undergraduate students, on-campus beds, and full-time Foggy Bottom undergraduate students residing in the Foggy Bottom/West End Area outside of the campus plan boundaries;
 - f. A progress report on the implementation of the streetscape plan required by Condition 21;
 - g. The number of off-street parking spaces within the campus plan boundaries as set forth in Condition 22(b) as of 30 days prior to the application date, including documentation and an explanation of the methods and assumptions used in counting the parking spaces;
 - h. A status report on the Transportation Management Program required by Condition 23; and
 - i. Demonstration that the project has been presented to the Advisory Committee (as the Committee is defined in Condition 9 herein) for consideration.
7. No PUD application filed by the University for second-stage review under the Foggy Bottom Campus Plan: 2006 – 2025 may be granted unless the University is in substantial compliance with Conditions 1-25 set forth herein as demonstrated by the most recently filed Foggy Bottom Campus Plan Compliance Report submitted to the Zoning Administrator. Further, any violation of these Conditions shall be grounds for the denial of any building permit or certificate of occupancy applied for by the University for any University building or use, and may result in the imposition of fines and penalties pursuant to the Civil Enforcement Act, D.C. Code §§ 6-2701 to 6-2723.
8. The University will not purchase additional residentially-zoned properties outside of the Campus Plan boundaries in the Foggy Bottom/West End area (defined as the area bounded by the Potomac River and Rock Creek Park to the west, N Street to the north, 19th Street to the east, and Constitution Avenue to the south) for university use. This commitment would not preclude the purchase of any properties for investment purposes; however, it would restrict the University from purchasing a residentially-zoned property within the above-

defined area and changing its use to one limited to the University population. The University shall not include any such investment property in its undergraduate student housing program or otherwise directly refer undergraduate students to any such property.

ADVISORY COMMITTEE

9. The University will work with community representatives to form an Advisory Committee for the purpose of fostering consistent communication between the University and the Foggy Bottom and West End communities, discussing issues of mutual interest and proposing solutions to problems that exist or arise in implementing the approved Foggy Bottom Campus Plan.
 - a. Key functions of the Advisory Committee include:
 - i. reviewing the University's compliance reporting;
 - ii. working with the Office of the Zoning Administrator to monitor compliance with the conditions of the Foggy Bottom Campus Plan; and
 - ii. reviewing new University proposals to develop sites on the Foggy Bottom Campus.
 - b. Composition, Administrative Procedures & Meeting Format
 - i. The Advisory Committee shall consist of ten members: five representatives of the University to be selected by GW and five representatives of the community to be selected by ANC 2A. The ANC shall select no more than three ANC commissioners and shall select at least one member to represent Foggy Bottom and at least one member to represent the West End.
 - ii. The quorum for Advisory Committee meetings will be five members.
 - iii. The first Advisory Committee meeting shall take place within two months of the adoption of the Campus Plan and include adoption of specific administrative procedures (subject to the terms of this Condition) that govern the operation of the body.
 - iv. The Advisory Committee shall schedule quarterly meetings open to the public, and shall keep minutes of each meeting.
 - v. Upon request and at least on a semiannual basis, the University will report to the Advisory Committee data relevant to campus planning that includes, but is not limited to: report on student enrollment, planned development projects included in the University's capital program, historic preservation, implementation of the streetscape plan, public space permits, and reports on all conditions and commitments adopted as part of the Campus Plan.

FOGGY BOTTOM CAMPUS POPULATION

10. For the duration of this Plan, Foggy Bottom student headcount shall not exceed 20,000 students, and Foggy Bottom student full-time equivalent shall not exceed 16,553.
 - a. Definition. For the purposes of these Conditions, "Foggy Bottom student headcount" shall be defined as the number of GW students in the "Foggy Bottom/Mount Vernon Campus Total Student Body"¹, minus: study abroad students, continuous enrollment students, students that reside at the Mount Vernon

¹ The "Foggy Bottom/Mount Vernon Campus Total Student Body" is compiled by the GW Office of Institutional Research (OIR) and is currently reported on the OIR online "GW Factbook" available at www.gwu.edu/~ire/.

Campus, students that take all of their courses at the Mount Vernon Campus, and Foggy Bottom faculty and staff accounted for pursuant to Condition 11 herein who are also enrolled in one or more courses at the Foggy Bottom campus.

- b. Calculation of full-time equivalent. For the purposes of these Conditions, “Foggy Bottom student full-time equivalent” shall be determined by assigning a fraction to part-time students included in the Foggy Bottom student headcount number based on the number of credits they are taking compared to a full-time course load and adding the number of full-time students. Currently, the full-time course load for undergraduates is 12 credits, and the full-time course load for graduate and professional students is 9 credits. Formulas for determining full-time equivalents may change over the term of the proposed Foggy Bottom Campus Plan depending on program requirements or the restructuring of the academic calendar.
- c. An audit of the Foggy Bottom student headcount and Foggy Bottom student full-time equivalent reported pursuant to Condition 24 herein shall be conducted in a manner and by a firm previously approved by the Zoning Administrator and reported to the Advisory Committee. The audit shall be completed by January 10 of the year following each report submitted pursuant to Condition 24 herein.

All Foggy Bottom student counts shall be reported biannually as specifically set forth in Conditions 24 and 25.

11. For the duration of this Plan, the Foggy Bottom faculty and staff population shall not exceed a total of 12,529 on a headcount basis, and 10,550 on a full-time equivalent basis.
 - a. For the purposes of these Conditions, “Foggy Bottom faculty and staff headcount” shall include: regular full-time faculty and staff; regular part-time faculty and staff; wage account staff that are not Foggy Bottom students accounted for pursuant to Condition 10; temporary part-time faculty (excluding part-time clinical faculty who are not paid employees of the University); and visiting instructional and research faculty. For the purposes of these Conditions, Foggy Bottom faculty and staff shall not include faculty and staff whose primary office locations are not on the Foggy Bottom campus; employees of non-GW owned or controlled entities which are located on the Foggy Bottom campus; and contractors that provide ancillary campus-related service functions who are not employees of the University².
 - b. For the purposes of these Conditions “Foggy Bottom faculty and staff full-time equivalent” shall be determined by assigning a fraction to part-time employees included in the Foggy Bottom faculty and staff headcount number based generally on the number of hours worked as compared to the standard full-time 40 hour work week.

ON-CAMPUS UNDERGRADUATE STUDENT HOUSING

12. For the duration of the Plan, the University shall make available on-campus beds for full-time Foggy Bottom undergraduate students equivalent to 70% of the full-time Foggy

² Non-GW employee contractors have historically provided certain campus-related services (including managing and staffing the GW bookstore, mailroom services, and housekeeping management services). This population is currently estimated to include approximately 400 workers. The employment of these individuals is not under the control or management of GW, and thus their numbers cannot be tracked and reported with the level of specificity and accuracy required under these Conditions.

Bottom undergraduate student population up to an enrollment of 8,000, plus one bed per full-time Foggy Bottom undergraduate student over 8,000. For the purposes of these Conditions, the term “on-campus beds” shall include beds available to full-time Foggy Bottom undergraduate students in any property in which the University has an ownership, leasehold, or contractual interest, or beds otherwise occupied by full-time Foggy Bottom undergraduate students in fraternities, sororities, or other programs recognized by or affiliated with the University and located within the campus plan boundary. Each report shall be accompanied by supporting documentation and full explanations of methods, assumptions, and sources used to compile information in the report. The University’s efforts with respect to this Condition shall be monitored by the Advisory Committee.

13. The University shall require all full-time Foggy Bottom freshmen and sophomore students to reside in housing located within the campus plan boundary. The University may exempt from this requirement students who commute (i.e., students who have established permanent residency off-campus prior to enrollment at GW or students who live off-campus with a parent, guardian, or other family member), are married or have children, or have disabilities or religious beliefs inconsistent with residence hall life. The University’s efforts with respect to this Condition shall be monitored by the Advisory Committee.

OFF-CAMPUS STUDENT HOUSING & STUDENT CONDUCT ISSUES

14. With respect to the housing of undergraduate students in off-campus properties which the University owns or has an interest in, except as otherwise provided by this Condition:
 - a. Effective August 31, 2006, GW shall not house undergraduate students in The Hall on Virginia Avenue.
 - b. Effective August 31, 2007, GW shall not house undergraduate students in The Aston.
 - c. Effective August 31, 2008, GW shall not house undergraduate students in units in Columbia Plaza for which GW maintains certain designation rights as part of GW’s undergraduate student housing program, with the exception that juniors and seniors referred to Columbia Plaza as part of GW’s student housing program prior to August 31, 2008, may continue to reside in their respective units, subject to the rules and guidelines associated with the GW student housing program, until they graduate from GW or are no longer officially affiliated with the University.
 - d. Effective July 1, 2016, GW shall not house undergraduate students in City Hall. Notwithstanding the foregoing, the University may offer housing in these off-campus facilities to students who are exempted from living on-campus pursuant to Condition 13 (specifically undergraduate students who are married or have children, or have disabilities or religious beliefs inconsistent with residence hall life). The University’s efforts with respect to this Condition shall be monitored by the Advisory Committee.
15. The University shall maintain a program to provide its students who are eligible to live off-campus with information about housing opportunities outside the Foggy Bottom/West End Area. The University’s efforts with respect to this Condition shall be monitored by the Advisory Committee.
16. The University shall use disciplinary interventions for acts of misconduct by students living off-campus in the Foggy Bottom/West End Area, even if students are not in properties

owned or controlled by the University. The University shall act on incident reports by residents, ANC 2A, community associations, building management, building association boards, University security officers, and police. The University shall maintain an outreach program with neighboring apartment buildings to educate management companies and tenant associations on the University's disciplinary program and its reporting requirements to facilitate effective use of its program. The University's efforts with respect to this Condition shall be monitored by the Advisory Committee.

17. The University shall maintain and publicize a hotline available 24 hours per day, seven days per week to receive calls about student conduct issues and safety and security concerns. The University shall maintain a log of all calls received and all actions taken, including all referrals made. The University shall maintain its Crimes Tips Hotline (presently 994-TIPS), where calls can be made anonymously to a recorded "tip" line. Calls needing a more immediate response shall be directed to the University police (presently 994-6110) 24 hours per day, seven days per week. The University police will aid off-campus complainants in obtaining assistance from the Metropolitan Police Department. Reports of improper off-campus student conduct will also be referred to the appropriate University departments for their attention. The University's efforts with respect to this Condition shall be monitored by the Advisory Committee.
18. The University will maintain a mandatory program for its students that will address "good neighbor" issues, educating students about appropriate conduct in the off-campus community. The University's efforts with respect to this Condition shall be monitored by the Advisory Committee.
19. The University shall gather information about the local addresses of the full-time Foggy Bottom undergraduate population. The University shall compile and report the number of full-time Foggy Bottom undergraduate students residing in (1) Foggy Bottom/West End outside the campus boundaries; (2) the District of Columbia outside both the campus boundaries and the Foggy Bottom/West End Area, organized by postal codes; (3) Maryland; and (4) Virginia. This information shall be reported as set forth in Condition 24 herein.

HISTORIC PRESERVATION & STREETSCAPE PLANS

20. Prior to public hearings on the Foggy Bottom Campus Plan: 2006 – 2025, the University, in conjunction with the Office of Planning, will initiate a mutually-agreed upon process that provides for the historic designation of the properties identified in this Campus Plan as architecturally or historically significant and that also accommodates the development sites identified in the Plan.
21. The University shall prepare a detailed streetscape plan applicable to the entire Foggy Bottom campus. The plan shall include, among other elements, a discussion of the installation of sign pylons and street signage, landscaping, lighting and street furniture. The streetscape plan shall be developed with input from with the Office of Planning and the Department of Transportation. A proposed draft streetscape plan will be submitted to the Zoning Commission prior to public hearings on the Foggy Bottom Campus Plan: 2006 – 2025.

PARKING & TRAFFIC

22. The University shall implement the following measures to minimize adverse impacts associated with parking and traffic:
- a. Support of Mass Transit: The University shall maintain the Metrocheck program offered by the Washington Metropolitan Area Transportation Authority (WMATA) to allow employees to pay for public transportation costs on a pre-tax basis. The University shall maintain an introduction to public transportation program for incoming students that includes provision of WMATA's "SmarTrip" cards to incoming students. The University will work with WMATA to schedule SmarTrip "carding events" at various locations around campus to provide additional information about public transportation to the University community. In the event these programs are discontinued over the term of the campus plan, the University will work to identify alternative programs to support the goal of encouraging mass transit ridership.
 - b. Parking: The University shall continue to provide at least 2,800 off-street parking spaces, including proposed spaces to be dedicated for university use on Square 54 and all University-owned parking spaces on Square 122 (specifically including the parking lot and garage spaces at Old Main located at 1922 F Street, NW). The number of off-street parking spaces required to be provided may be increased in any subsequent further processing order pursuant to this plan if necessary to mitigate the adverse impact of the approved uses on the University's parking resources. The University shall monitor its utilization of University parking facilities to determine usage patterns and conduct an ongoing assessment of parking needs.
 - c. Notice: The University shall notify affected property owners or occupants, ANC 2A, and members of the Advisory Committee in a timely manner of the occurrence of any temporary street closing necessary to accommodate University-related functions. For the purposes of this Condition "affected property owners or occupants" shall be defined in a manner consistent with the notice requirements of DDOT temporary street closure petition procedures.
 - d. Student Vehicles: The University, through its Office of Parking Services, shall maintain an accurate record of the license plate numbers of motor vehicles kept by students in University parking facilities, to be updated annually at the beginning of each Fall semester. The University shall direct students to register their vehicles in the District of Columbia, or obtain a reciprocity sticker.
23. The University shall maintain, and periodically update, its comprehensive transportation management plan addressing traffic and parking associated with events on campus that are attended by a significant number of persons not normally associated with the University and the campus. The transportation management plan shall include the following:
- a. Measures to schedule events at times that reduce conflicts with other traffic and other demands for parking.

- b. Measures to discourage travel by private automobile and encourage travel by public transportation.
- c. Measures to encourage persons who drive to park in commercial or University Parking garages.
- d. Any other specific measures to address parking demand and decrease vehicular traffic in the surrounding Foggy Bottom/West End Area.

The transportation management plan shall be submitted to and reviewed by the Advisory Committee on an annual basis as set forth in Condition 22.

REPORTING & COMPLIANCE REVIEW

24. On November 20 of each year following Zoning Commission approval of this Campus Plan, the University will file a Foggy Bottom Campus Plan Compliance Report with the Zoning Commission, Zoning Administrator, Office of Planning, ANC 2A, and the Advisory Committee.
