District of Columbia

2006 SEP -6 AM 8: 35

District of Columbia
Zoning Commission
441 4th St NW # 210
Washington, DC 20001

CASE NO. 06-31
EXHIBIT NO. 17

Re: Case 06-31: 5220 Wisconsin Avenue, N.W., Zoning Map Amendment and Consolidated PUD Application

Dear Chairman Mitten,

Friendship Neighborhood Association (FNA) submits to the Zoning Commission the results of a petition sponsored by FNA from May 2006 to August 2006 related to the Akridge Real Estate Services application for a planned unit development at 5220 Wisconsin Avenue, N.W. The overwhelming majority of community members (91%) living in the area immediately surrounding the subject site oppose this application.

A. Petition Text:

In response to the Akridge proposal to develop 5220 Wisconsin Avenue, NW beyond the matter-of-right limits specified for the site's current zoning designation (i.e., R-5-B), we, the undersigned, oppose any proposal for the site that incorporates heights and densities exceeding the existing matter-of-right zoning limits specified for the R-5-B zoning category established by the District of Columbia.

B. Petition Area:

The boundaries of the petition area west of Wisconsin Avenue are Western Avenue, River Road, and Fessenden Street. East of Wisconsin Avenue, the petition area boundaries are Jenifer Street, 41st Street (not included), and Fessenden Street. The overall petition area is comprised of 442 residential addresses. All petition responses were received from residents 18 years of age or older residing in the petition area.

C. Petition Results:

	<u>OVERALL</u>	<u>WEST OF WISCONSIN</u>	<u>EAST OF WISCONSIN*</u>
1. Responders Signing Petition	501 (91%)	354 (92%)	147 (89%)
2. Responders Disagreeing with Petition	22 (4%)	11 (3%)	11 (7%)
3. Responders Undecided about Petition	18 (3%)	13 (3%)	5 (3%)
4. Responders Uninterested in Petition	7 (1%)	5 (1%)	2 (1%)
Total Responders	<u>548</u>	<u>383</u>	<u>165</u>

* Responses from two blocks in the Petition Area east of Wisconsin Avenue remain outstanding at this time and will be incorporated into final results...

D. Conclusion:

Friendship Neighborhood Association (FNA) is joined by approximately 500 of the residents living closest to 5220 Wisconsin Avenue in opposing the application by Akridge Real Estate Services for a planned unit development at 5220 Wisconsin Avenue, N.W (Square 1657). With just 4% of the petition respondents desiring a height, density, or lot occupancy exceeding R-5-B zoning designation limits, Friendship Neighborhood Association concludes that the overwhelming majority of community members (91%) living in the area immediately surrounding Square 1657 oppose the Akridge application for a planned unit development at 5220 Wisconsin Avenue.

Square 1657 is part of the residential buffer required to protect the American University Park neighborhood directly adjoining the site to the south from the impact of the commercial development in Friendship Heights, DC which extends for many blocks north into Friendship Heights, MD. Further, the Comprehensive Plan requires that the heights and densities of development within the Friendship Heights regional center be appropriate to the scale and function of the community adjoining the regional center. With the Akridge PUD application requesting nearly three times the square footage allowed on the site, including a lot occupancy of 100% compared to the maximum lot occupancy of 60% allowed on the site, approval of the application by the Zoning Commission would be inconsistent with the Comprehensive Plan and have a material negative impact on the adjoining community by diminishing the existing protections provided by the R-5-B residential buffer.

Very truly yours,

David Frankel, FNA
Gina Mirigliano, FNA
Marilyn Simon, FNA

**Petition to Oppose Heights and Densities Exceeding
Existing Matter-of-Right Zoning Limits at
5220 Wisconsin Avenue, NW**

May 2006

In response to the Akridge proposal to develop 5220 Wisconsin Avenue, NW beyond the matter-of-right limits specified for the site's current zoning designation (i.e., R-5-B), we, the undersigned, oppose any proposal for the site that incorporates heights and densities exceeding the existing matter-of-right zoning limits specified for the R-5-B zoning category established by the District of Columbia.

**Petition to Oppose Heights and Densities Exceeding
Existing Matter-of-Right Zoning Limits at
5220 Wisconsin Avenue, NW**

May 2006

In response to the Akridge proposal to develop 5220 Wisconsin Avenue, NW beyond the matter-of-right limits specified for the site's current zoning designation (i.e., R-5-B), we, the undersigned, oppose any proposal for the site that incorporates heights and densities exceeding the existing matter-of-right zoning limits specified for the R-5-B zoning category established by the District of Columbia.

**Petition to Oppose Heights and Densities Exceeding
Existing Matter-of-Right Zoning Limits at
5220 Wisconsin Avenue, NW**

May 2006

In response to the Akridge proposal to develop 5220 Wisconsin Avenue, NW beyond the matter-of-right limits specified for the site's current zoning designation (i.e., R-5-B), we, the undersigned, oppose any proposal for the site that incorporates heights and densities exceeding the existing matter-of-right zoning limits specified for the R-5-B zoning category established by the District of Columbia.

Petition to Oppose Heights and Densities Exceeding Existing Matter-of-Right Zoning Limits at 5220 Wisconsin Avenue, NW

May 2006

In response to the Akridge proposal to develop 5220 Wisconsin Avenue, NW beyond the matter-of-right limits specified for the site's current zoning designation (i.e., R-5-B), we, the undersigned, oppose any proposal for the site that incorporates heights and densities exceeding the existing matter-of-right zoning limits specified for the R-5-B zoning category established by the District of Columbia.
