RE: ZC No. 07-12, George Washington University -- Mount Vernon Campus Pelham
Replacement Project

Dear Chairman Mitten,

It has come to my attention that two errors in ANC 3D's presentation of its votes in Case No. 07-12 -- in our letter to the Zoning Commission, and in oral testimony on the Pelham Replacement Project -- need correction.

The June 21, 2007 letter of ANC 3D in support of the project failed to report the actual vote on the project and conditions. The vote was 6-1-0. As noted in the letter there was a separate 7-0-0 vote designating Commissioner Gates to testify on behalf of the commission.

The second correction regards the oral testimony offered at the July 2 hearing. At that hearing, ANC 3D's vote was orally reported as 7-0-0 when, as noted above, it was 6-1-0.

ANC 3D with its 6-1-0 vote requests the "great weight" to which it is entitled.

Thank you for giving us an opportunity to correct the record.

Sincerely,

Rachel W. Thompson
Chair
