Re: Extension of the Zoning Commission order regarding Georgetown University's  
Science Center, Athletic Training Facility and Multi-Sport Field  
Case No. ZC-07-23A

Dear Chairman Hood and Members of the Commission:

Advisory Neighborhood Commission 2E, during its regular monthly public meeting held on November 2, 2009, duly noticed, and at which seven members were present, adopted the following resolution regarding the extension of the Zoning Commission order regarding Georgetown University's Science Center, Athletic Training Facility and Multi-Sport Field by a unanimous vote:

**The plans for the Georgetown University Science Center and Athletic Training Facility, along with plans for modification of the Multi-Sports Facility, have previously received final approval from the Zoning Commission. Solely because of that, we are not objecting to an extension of the prior approval. ANC 2E also notes that the University has said that the recent economic downturn has hurt the financing of the projects and thus has played a part in delaying construction.**

**However, we are very close to the end of the current Georgetown University 10-year campus plan, and the university will be filing a new 10-year campus plan imminently. The current requested extension would move a significant part of the approval period for these major facilities into the new 10-year plan period. It could well be better to consider these facilities as part of the upcoming 10-year plan, and we would have no objection if the Zoning Commission wishes to do that.**

ANC 2E Commissioners Solomon, Lewis, Skelsey, Golds, Starrels, Birch and Eason, any one or more of them, are authorized to represent ANC 2E in any proceedings relating to this matter.

### COMMISSIONERS:

Ed Solomon, District 1 Ron Lewis, District 2 Bill Skelsey, District 3 Aaron Golds, District 4  
Bill Starrels, District 5 Tom Birch, District 6 Charles Eason, District 7
