RE: Case No. 07-27 – EYA and the Missionary Society of Saint Paul the Apostle

Dear Members of the Commission:

I am writing with regard to Trinity's support for the planned residential development at St. Paul's College. Trinity and the Paulist Fathers have enjoyed more than a century of collaboration and mutual support. Accordingly, I have reviewed the planned new development of St. Paul's College campus with great interest.

Trinity is pleased to offer its support for EYA's planned residential development on the grounds of St. Paul's College. This new residential community will be a considerable asset to the neighborhood and to the District. The project offers a tasteful design and layout that positively contributes to the character of the Brookland neighborhood. I hope that some of our Trinity faculty, staff and students might even find the housing a preferred choice for their homes. The myriad new housing units will allow for an influx of new homeowners into our community. The additional neighborhood amenities that will accompany the project, such as new sidewalks and a rehabilitated neighborhood park, will further enhance our community.

Trinity looks forward to this high-quality project so close to our own campus, and we anticipate the many long-term benefits that it will bring.

Sincerely,

Patricia McGuire  
President
