Re: Comprehensive Zoning Regulations Review, Case 08-06, regulation of motor vehicle parking, bicycle parking, and loading

Dear Mr. Hood:

On December 6, 2010, at a duly noticed, regularly scheduled monthly meeting of ANC 6C, with a quorum of 7 out of 8 commissioners and the public present, the above-mentioned matter came before us.

Thank you for holding the record open to allow ANC 6C to weigh in on these regulations.

Following discussion, the commissioners voted unanimously, 7:0:0, to support the text amendments as stated, but ask that bicycle sharing options be offered as an optional replacement for car sharing. What is appropriate and the appropriate percentage should be determined by the Office of Zoning for the specific development.

A member of the community pointed out that the document could use a careful reading, for there were specific grammar and typographical errors in the document.

Thank you for giving great weight to the recommendations of ANC 6C.

On behalf of the Commission,

*Karen J. Wirt*
