THIS CASE IS OF INTEREST TO ANC 2F

On May 1, 2008, the Office of Zoning received an application from Marriott International, Inc. (the “applicant”) for approval of a consolidated PUD and related map amendment for the above-referenced property.

The property that is the subject of this application consists of Square 370, Lots 18, 21, 22, 24, 801-806, 830-839, 843, and 845, and a public alley to be closed in Northwest Washington, D.C. (Ward 2) and is a site bounded by 9th Street (east), 10th Street (west), L Street (north), and Massachusetts Avenue (south). The property is currently split-zoned DD/C-2-C and DD/C-3-C. The applicant proposes to extend the DD/C-3-C to the western portion of the property.

The applicant proposes to construct the Washington Marriott Marquis, a convention center hotel consisting of approximately 765,400 Square feet of gross floor area and approximately 1,125 to 1,150 guest units. The hotel would have underground parking to accommodate 388 valet parked vehicles, a maximum building height of 130 feet, and a density of approximately 9.3 floor area ratio (FAR).
