Dear Chairman Hood & Office of Zoning Commissioners:

I am in total support of the Metropolitan Development plans Case No.: 08-14
(Kelsey Gardens -Consolidated PUD & Related Map Amendment @ Square 421,
Lots 67 and 68.

Metropolitan Development Team will appear before the ANC 2-C Commission
Public Meeting on 10/1/08 to be held at 6:30 PM at the Kennedy Recreation Center
to make a presentation. I am not concerned about the height of the building if a vote
was taken to support the project contingent on the height of the project before the
commission I would vote on it only to pass the project. However, I am not concerned
about the height of the project and I believe the project is good for the community to
rid the crime and offer a nice place for people to live and shop.

Sincerely,

Barbara Curtis
ANC 2C Vice Chair
