Regarding: PUD Case #08-15

Dear Mr. Hood:

My husband and I have lived at 3616 Fulton Street N.W. for 20 years. We love the neighborhood. We moved here when our daughter was only three years old and she too loved growing up in the city. I do not recall ever writing the zoning commission a letter about anything before, but I write today to **SUPPORT the Giant Foods** proposal in the above referenced case.

It seems that an active and uncompromising minority of residents in the neighborhood have derailed the expansion of the Giant for years. I believe the vast majority of people want the Giant to expand but they are too busy with their regular jobs (my husband and I both work full time) to get involved. A vocal minority has delayed the whole project while the rest of us just wonder why the Giant is not bigger and better. I urge you to let the development go forward. There are some people who will never be satisfied with any plan for development, but the rest of us want a new and improved Giant on that corner.

Thank you for consideration of our views.

Sincerely,

Catherine Porter
