Re: Giant Project at Wisconsin and Newark Streets, NW

To Whom It May Concern:

As a twenty-three year resident of Cleveland Park, I write to register my objection to the proposed Giant project planned for Wisconsin and Newark Streets. The scale of the project is not appropriate to the neighborhood, and the parking planned by the developers is grossly inadequate and not as accessible as that current existing at the site. We need a neighborhood facility, not a destination facility. The proposal represents a destination facility that will increase and exacerbate the traffic problems already afflicting our neighborhood.

I ask that you reject the plan outright.

Sincerely yours,

James H. Hulme
