SUBJECT: **The Giant's Plan to Locate its Truck Loading Driveway and Dock**

The Zoning Commission should require Giant to modify its plan for the location of the truck loading driveway and dock so as not to have a negative impact on the residents on Idaho Street or any other residents. You directed them to modify the project to protect the homes and they have not. It is unacceptable that residents have to put up with this noise, traffic, and blinking lights in an area zoned residential from 6:00AM to 10:00 PM. Putting up storm doors and windows is not acceptable because it will not protect from the noise. These people will not even be able to open their windows with this solution. Think about how you would feel if the same thing were happening to you. It is outrageous that you would not protect these residents.
