Re: PUD case no. 08-15.

Dear Chairman Hood,

I have been a Washington DC resident since 1996 and have been enjoying living in McLean Gardens since then. I believe we have one of the most striving and vibrant communities in this city, where citizens act responsibly and like to patronize their local retailers. For years we have been suffering greatly by the lack of additional good shops and restaurants since G.C. Murphy was shut down. Currently, this location is an eye sore and the surviving Giant an abomination of decrepitude which is behind its times by a couple of decades.

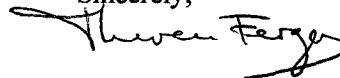

I wholeheartedly wish to support Friendship-Macomb SC Inc. (Giant Foods) PUD case no. 08-15. This would not only bring great services to the community but tremendous economic stimulus, job generation, and even help reduce carbon footprint, as local residents would no longer be forced to drive to more distant locations.

This project has been wanted and needed in our neighborhood for over 10 years. I have anxiously followed the extensive collaboration between Giant and our community, which has been supported unanimously by ANC3C (as of 1/21/09). Furthermore, it is my understanding that the project will be pedestrian and public transportation friendly remaining in tune with the neighborhood's character.

I beg and urge the DC Office of Zoning to take the necessary steps to ensure the rapid approval of PUD Case No. 08-15 so we can start benefiting from this project and end this painful wait.

On behalf of my family, friends and community, I wish to thank you in advance for your kind consideration.

Sincerely,

Therese Fergo

COMING COMMISSION
