Re: Letter in **SUPPORT** to Zoning Commission Application No. 09-03; Skyland Town Center

Dear Members of the Commission:

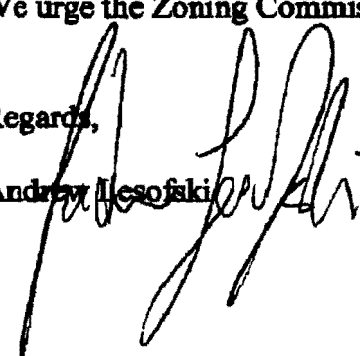

As tax payers and homeowners my wife and I want to express our strong support for the PUB/Map Amendment requested in Zoning Commission Case No. 09-03, for Skyland Town Center. It is our belief after talking with many of our neighbors that this type of economic development is right and welcomed by the surrounding community. We believe that project should continue as scheduled and without further delay.

It is our belief that the benefits to our community and standard of living will out weight any negative impacts that are being circulated and promoted by advocates that clearly don't support progress. Our community deserves to have safe affordable places to dine, shop and live just as the rest of D.C. residents have enjoyed and benefited from.

We urge the Zoning Commission to **APPROVE** Skyland Town Center's Application.

Regards,

Andrew J. Lesofski
