ZONING COMMISSION
District of Columbia
CASE NO. 09-05
EXHIBIT NO. 20

The Applicant proposes to rezone the subject property from the R-4 Zone District to the C-2-B Zone District. The R-4 Zone District permits detached, semi-detached and row single family dwellings and flats as a matter-of-right, as well as the conversion to multi-family use of a building built prior to 1958. The maximum permitted height in the R-4 Zone District is three stories and 40 feet and the maximum permitted lot occupancy is 60% for row dwellings and flats and 40% for other structures. There is no density limitation in the R-4 Zone District. The

proposed C-2-B Zone District permits mixed residential and commercial development as a matter-of-right, to a maximum lot occupancy of 80% for residential use, a maximum density of 3.5 FAR, of which no more than 1.5 may be devoted to other than residential uses and a maximum height of 90 feet. Under Chapter 24, the guideline for height in a PUD is 90 feet and the guideline for density in a PUD is 6.0 FAR, of which no more than 2.0 may be commercial.

This public hearing will be conducted in accordance with the contested case provisions of the Zoning Regulations, 11 DCMR § 3022.

How to participate as a witness.

Except for the affected ANC, any person who desires to participate as a party in this case must clearly demonstrate that the person's interests would likely be more significantly, distinctly, or uniquely affected by the proposed zoning action than other persons in the general public. - (f) A summary of the testimony of each witness;

- (g) An indication of which witnesses will be offered as expert witnesses, the areas of expertise in which any experts will be offered, and the resumes or qualifications of the proposed experts;
- (h) The total amount of time being requested to present their case; and
- (i) A written statement setting forth why the person should be granted party status, including reference to the following:
 - (1) The property owned or occupied by the person, or in which the person has an interest, that will be affected by the action requested of the Commission;
 - (2) The legal interest the person has in said property, such as owner, tenant, trustee, or mortgagee;
 - (3) The distance between the person's property and the property that is the subject of the application before the Commission;
 - (4) The economic, social, or other impacts likely to affect the person and/or the person's property if the action requested of the Commission is approved or denied; and
 - (5) An explanation of how the person's interest as identified in response to paragraph (4) would likely be more significantly, distinctively, or uniquely affected in character or kind by the proposed zoning action than those of other persons in the general public.

The Applicant shall also provide the information indicated in (e) through (h) to the extent that the information is not contained in the Applicant's prehearing submission as required by 11 DCMR § 3013.1.

If an affected Advisory Neighborhood Commission (ANC) intends to participate at the hearing, the ANC shall submit the written report described in § 3012.5 no later than seven (7) days before the date of the hearing. The report shall also contain the information indicated in (e) through (h) above.
