

Laurence Caudle, AIA

Associate Principal, Director of Housing

Mr. Caudle is an Associate Principal and the Director of Housing with Hickok Cole Architects. Prior to joining HCA in 1997, Mr. Caudle worked for several award-winning firms, including Weinstein Associates, Architects and Hugh Newell Jacobsen, FAIA of Washington, DC. At Weinstein Associates, he was Project Architect and Designer for the Ellen Wilson Neighborhood Redevelopment.

Mr. Caudle is a frequent guest juror for undergraduate and thesis juries at the University of Maryland's School of Architecture and Catholic University's Architecture Department. His projects have been featured in *MIMAR Magazine*, *Architectural Record*, *Architectural Digest*, *Residential Architect*, *Builder Magazine* and the *Washington Post*. Mr. Caudle's resume includes many years of custom residential projects (both small and large in size), mixed-use projects and commercial base building design.

Mr. Caudle received a Bachelor of Science in Architecture and a Master of Architecture from the University of Maryland in College Park. He was recognized for his work, winning the Dean's Thesis Prize and the Faculty Award for Excellence in Design from the University.

Mr. Caudle is a Registered Architect in the District of Columbia. A member of the American Institute of Architects, he was invited to attend the 2006 AIA National Convention and Exposition in Los Angeles, CA as Hickok Cole's project, Adams Row, was honored with a national 2006 *Residential Architect* Award of Merit.

Professional Experience Includes:

6th Street & Constitution Ave.

16th Street and Constitution Avenue, NE, Washington DC

Project Director for innovative workforce housing project which consists of 140 modular units in a courtyard design. Larger, 3-story townhouse units are located outside along the street with walkups that will help to incorporate the building into the surrounding neighborhood. The remaining housing units surround a central open courtyard. There is a common lobby to get to the center of the courtyard and interior walkways. The project is slated to be LEED Gold.
