To Whom it May concern

Booeymonger has been in business on the corner of Potomac and Prospect for 35 years. While we are a full-fledged community servicing business, the students of Georgetown have been our number #1 customer and have helped us survive throughout our 35 year history.

University faculty and staff are also critical the well-being of our business both in terms of walk-in customers as well as using our catering services for their weekday meetings, evening receptions and special events. It's fair to say that without Georgetown University we may not have survived in business for as long as we have.

We believe that Booeymonger, as a small locally owned business, is the type of business that makes Georgetown a unique community. Our success relates, in large part, to the presence of Georgetown University and, in turn, enables us to better serve our community and the many visitors that come to Georgetown on a day-to-day basis from all over the world.

We are proud to support the University and its proposed 2010-2020 campus plan.

Sincerely

Ronald Vogel Pres. S & V Enterprises
