Re: Support for Georgetown University's Campus Plan

Dear Zoning Commission:

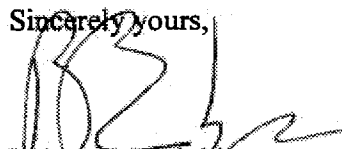

I am writing as a 15 year resident of Georgetown in support of the campus plan filed by Georgetown University. I am a taxpayer, a voter and a Georgetown University alumnus.

I realize the campus plan raises serious issues for the University and the neighborhood and very much appreciate the hard work of the Zoning Commission in its effort to protect those of us who live in very close proximity to the school.

I support the campus plan because I believe the University had made a good faith attempt to meet our objections. They have worked very hard to continue a dialogue with the neighbors, have compromised in significant ways, and have taken serious steps to reign in the conduct of students off campus. I feel this cooperation and compromise should be rewarded.

I further hope that you and your successors on the Commission continue to insist that the University to do all it can to minimize the negative consequences of its presence in Georgetown and to maximize the positive aspects of its location in our community.

Sincerely yours,

Robert E. Lighthizer
