Re: Support for Georgetown University's Campus Plan

Dear Mr. Chairman and Members of the Commission:

I write as a 9 year resident of Burleith with a point of view that differs from that of the local community groups regarding Georgetown University's campus plan. I have no objection to students or renters living in my neighborhood. On my block there are 2 houses occupied by students and we've never had any problems. I have always felt that one of the benefits of living in this community was having young people around and appreciate the energy they bring to the neighborhood.

I do not support the rhetoric that has surrounded Georgetown University's plan. I appreciate being near the University and taking advantage of all that it has to offer – its library, Yates Field House, lectures, religious services, and its well manicured campus.

As a resident of Burleith, I would appreciate your giving my views equal consideration to those being expressed by people who are opposed to the plan.

Thank you.

Sincerely,

Claiborne Williams
