Re: Support for Georgetown University's Campus Plan

Dear Sir/Madam,

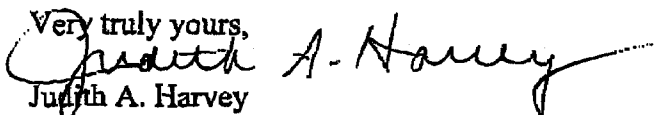

I am writing to you as a 42 year resident of Glover Park to fully support the Georgetown University Campus Plan. In addition, I have worked for the University for the past 27 years. We are DC voters and taxpayers, and feel very strongly that our voices should be heard with regard to the ongoing debate over the proposed GU Campus Plan.

My husband and I have raised our children here and over the years, we have *all* taken advantage of many of the University's offerings, from summer camps to French lessons. Our community has been vibrant and exciting, largely due to our proximity to the University and interactions with the students, staff and faculty. Many of the graduate students live near us, and over the years, we have never experienced anything other than positive relationships with them.

I feel that the University's proposal is quite reasonable and modest and that everyone – students, staff and surrounding neighborhoods will benefit from its implementation.

I strongly urge you to vote in support of this plan, as it stands.

Very truly yours,

  
Judith A. Harvey
