Re: Georgetown University's Campus Plan

Mr. Anthony Hood, Chairman
DC Zoning Commissioner
441 - 4th Street, N.W.
Washington, DC 20001

Dear Mr. Hood:

My husband and I have lived in Glover Park since 1971. I have worked for Georgetown University for 33 years and retired in 2010.

I believe that Georgetown University has proposed a modest plan that balances the interest of its neighbors with those of the University.

Many students rent in my neighborhood. During the 40 years we have lived in Glover Park, students have never caused any incidence of bad behavior.

I have no objection to shuttle buses. The drivers are attentive and careful while driving through Glover Park, minimizing vehicular traffic. The Metro buses also drive every day in Glover Park and do not cause any problems.

As a tax paying and voting resident of Glover Park, I would appreciate your giving my views equal consideration to those being expressed by people who are opposed to the plan.

I urge you to vote in support of the University's plan as filed.

Thank you
