Re: Support for Georgetown University's campus plan

Dear Zoning Commissioners:

I have lived in Burleith at the above address for over 10 years and I have never had a problem with a student or a student house and don't mind if students live in Burleith. I honestly do not understand why the Burleith Association has come out against students or renters, for that matter, living in our neighborhood.

I choose to live in a city and choose to live in Burleith five or so blocks from a major university and I expect there to be some impact. But, it doesn't make me want to ask you to reject Georgetown University's campus plan or to make them house 100% of their students on campus. I have a dog and walk him at night and I often see students coming home from the library and, yes, perhaps even a party, but I like having people on the street. I think it makes for a more lively and more safe environment. I'm expecting my first child in August and we plan to stay in Burleith. If I encounter a problem with a student or student house, I'll deal directly with it or I'll call the University and get their assistance.

I support the University and I support their plan. Please approve it as submitted.

Sincerely,

Greg Farrah
