Dear Zoning Commissioners,

ENOUGH IS ENOUGH!

As a resident of Burleith since 1974 I am vehemently opposed to any approval of Georgetown University's request for a continuance of the hearing scheduled for Monday 20 June 2011.

JUSTICE DELAYED IS JUSTICE DENIED!

The floodwall around GU is about to burst at it's seams and completely flood the surrounding DC citizens if GU's all too transparent and Machiavellian practice of legal manuever and outright DECEIT are allowed to succeed by your actions on their latest DILATORY SCHEME.

FIRST GEORGE WASHINGTON UNIVERSITY WAS ALLOWED TO EAT FOGGY BOTTOM ALIVE!

AND NOW IS IT TO BE GEORGETOWN UNIVERSITY'S TURN TO EAT BURLEITH, GEORGETOWN, GLOVER PARK & FOXHALL VILLAGE ALIVE?

Your attention is directed to today's (Sunday June 19, 2011) Washington Post, Local Opinions, page C-6. "How neighbors put the squeeze on D.C.'s national parks"

Quotes therein:

The latest threat from a plan by Georgetown University to run shuttle buses along the steep, western boundary of its campus abutting Glover Archbold Park. The university projects running 233 buses daily, Monday through Friday, which could bring the vehicles along the park 20 times an hour- a bus every 2 1/2 minutes. So much for peace and tranquility in Glover Archbold."

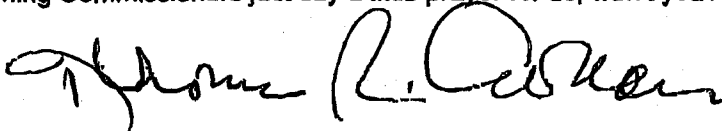

" The public should keep these cases in mind as Georgetown University prepares its "in your face" bus loop"...

WE ARE UNDER AN ALL OUT FRONTAL ATTACK FROM GEORGETOWN UNIVERSITY!

GU's request for ANOTHER continuance does not pass the LAUGH TEST.

The GU glass is neither half empty nor half full. IT IS OVERFLOWING INTO OUR STRUGGLING NEIGHBORHOODS.

Zoning Commissioners just say a little prayer for us, won't you?
