RE: Opposition to Georgetown University Campus plan 2010-2020, Case No. 10-32

Dear Zoning Commissioners:

My name is Peter Van Allen and I live in the Foxhall Community at 4407 Hadfield Lane, NW with my wife and two children, ages 16 and 11. We have owned this property since 1999.

I wish to express my strong opposition to Georgetown University's Campus Plan due to the currently proposed siting of the loop road. The loop road is currently proposed to run along the western edge of the campus on a steep slope overlooking Glover Archbold Park.

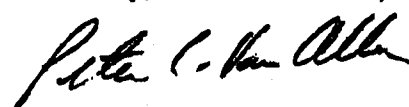

We are active users of Glover Archbold Park and oppose the loop road for the following reasons:

- the sight and noise of buses running every 5 minutes all day will ruin the serene nature of the park; and
- the steep slope has already collapsed twice since 2007 and further collapses will further damage the Park.

Please tell the University to find another route for the loop road.

Thank you very much for your consideration.

Sincerely,

Peter C. Van Allen
