RE: Opposition to Goergetown University Campus Plan

June 20, 2011

Dear Commissioners:

My name is Kathie Hepler and I live in a row house in Burleith at 3723 T St. N.W. My husband, Rich Field, and I have lived here since 1983.

I am sending in this last-minute plea to urge you to oppose the University's Campus Plan.

I am sure that you have heard and read all the reasons why it is a desperately bad idea. I would like to add one more:

My husband and I would like to sleep in our own bed on Friday and Saturday nights.

Unfortunately our house is next door to a student rental, and our bedroom is in the back of the house, adjacent to the back yard next door. On the weekends we have to move to the guest room in the front of the house because of the activities next door:

- Smoking
- Partying
- Shouting
- Screaming in the alley
- Music blasting
- General trashing of the yards

We want our quiet, lovely neighborhood back. It belongs to us.

Thank you.

Kathie Hepler
