RE: Zoning Commission Cases No. 11-02 and 11-02A

Dear Ms. Hanousek:

I would like to amend my request for party status in Case No. 11-02, filed April 18, to include an appearance as a party to the related case No. 11-02A, which seeks approval for construction of the Student Union. I would appear on behalf of the Van Ness Street Residents' Association. At the time the earlier request was filed, the University had not publicized its request for processing of the Student Center, an integral part of the Campus Plan. I would appreciate your understanding in extending party status to me in this important related issue.

Because it is possible that Mr. Boesel may not be able to appear on May 2 to discuss the student union and student enrollment levels, I would like to add Dr. Robert Rix, a Van Ness Street resident, who could present the data gathered by Mr. Boesel about student enrollment, graduation rates from the University, and other data related to determination of the enrollment level. Only one of these two men would be a witness, depending upon availability.

Sincerely,

Brenda R. Viehe-Nacss
