VIA MESSENGER

Mr. Anthony J. Hood, Chairman
Office of Zoning
441 4th Street, NW
Suite 200 South
Washington, DC 20001

Dear Mr. Hood:

I am writing to support Gallaudet University's Campus Plan 2022.

By way of background, I first came to the Florida Avenue Market (Market) when my then girlfriend, and now wife Brenda took me to visit her father's business in the fall of 1955. I joined my father in law, Fred Kolker, in his business Kolker Poultry Co, Inc. located at 4th and Morse Streets, N.E. in 1959 when I was discharged from the U.S. Air Force Band. I went to law school at night and ultimately opened my law office in the Market and over the years I have represented many businesses and property owners in the area. My wife and her sisters own a number of warehouses in the Market.

Over the years I was Counsel for a number of wholesaler food and Market organizations and formed and was President of the Capital City Market Association that was active after the New Town Act was passed several years ago. After the passage of the New Town Act I forged a working relationship with Gallaudet University because of their ownership of property in the Market and that relationship continues on an active basis.

With the recent opening and success of the Union Market, my views and visions for the Market are positive and with the vision and plans of Gallaudet for the area, I believe that many good things will come into fruition for the area. I urge the Zoning Commission to approve their submissions.

Sincerely,

Paul L. Pascal
