Re: BZA Application No. 16296 (The Supreme Council)

Dear Ms. Prince:

This correspondence is a follow up to your discussion with Ms. Beverly Bailey of the Office of Zoning (OZ) on August 15, 2000, regarding deficiencies in the above referenced application for special exception to establish an accessory parking lot in an R-5-B zone District. By letter dated August 23, 2000, the Office of Zoning requested that you submit additional information to supplement the application, or a written comment on whether you wish to continue or withdraw the case by September 15, 2000. This will enable OZ to complete the processing of the application and place it on the Board's October 3, 2000 meeting agenda.

As OZ did not receive your response by the stated date and the application has remained incomplete and inactive since November 24, 1997, as indicated the case was placed on the Board's October 3, 2000, public meeting agenda, with a recommendation that it be dismissed.

At that meeting session, the Board moved on the staff's recommendation and dismissed the application. No further action will be taken on this case.

If you have any questions regarding this matter, please contact the Office of Zoning at (202)-727-6311.

Sincerely,

Jerrily R. Kress, FAIA
Director
