Re: Board of Zoning Adjustment Application No. 16387
Square 456 and Golden Rule Plaza Developments

Dear Members of the Board:

The purpose of this letter is to express my strongest support for the Board to take action at its November 8 public meeting to approve the requested modification of plans and consent calendar approval for the above-referenced project.

The development of the Square 456 property, just south of the new arena, is of extreme importance to the District of Columbia and the residents of Ward 2 as that project contains office, retail and arts, and residential development. In addition, it is equally important that the Golden Rule Plaza project proceed, and the City Council is scheduled to take emergency action November 8 to further assist that development project and the housing that it will provide at a location sited between the Center Leg Freeway and New Jersey Avenue, N.W., just south of Bibleway Church.

I trust that the Board of Zoning Adjustment will take the same action as I anticipate will be taken by the City Council and has been taken by the local ANC 2C in support of these important projects.

Thank you for consideration of these comments.

Very truly yours,

Jack Evans, Councilmember
