441 4th Street NW
Washington DC 20001

Dear Ms. Reid:

I am writing to you regarding the parking situation at Medlink Hospital on 7th Street NE. As you know, the neighborhood is very concerned about the reduction in the number of parking spaces from 276 to 200, especially in light of the fact the underground garage at Medlink is not open for parking due to the run-down condition. We were surprised to hear that this was done without adequate public notice.

Your help in reopening this case will be greatly appreciated.

Thank you.

Sincerely,

Patricia A. Martin
