RE: Application No. 16457 - Rehearing

Dear Ms. Reid:

In the above referenced case, I urge you to take the resolutions submitted by Advisory Neighborhood Commissions 6C and 8B into consideration and grant them "great weight". [D.C. Code § 1-261(d)]. Upon consideration of the record, you will notice that the project received unanimous support from both ANCs as well as Councilmembers Sharon Ambrose (Ward 6) and Sandy Allen (Ward 8). I am honored to add my name to that list of supporters.

As an At-Large Councilmember, I am committed to see neighborhoods throughout the city flourish. This particular application, however, inspires special excitement for me. The rehabilitation of communities East of the River are especially needed if the District is to continue on its current resurgence.

With the support of the community for this project now clearly demonstrated, I believe that the special exception should be granted for Application No. 16457 so The Homes at Woodmont may contribute to that renewal. Should you have any questions, please do not hesitate to contact my office.

Sincerely,

David A. Catania
Councilmember (At-Large)
