Dear Board members:

I live at 5524-4th St, N.E., and am very much opposed to the expansion of the service station at 5515 South Dakota ave, N.E. (Sq. 3760 Lots 812 and 814). We had enough with the service station there and with the proposed expansion there will be more trash than already is in the neighborhood.

Enough bottles and paper litter the area from near by liquor stores and other stores in the area.

Please take all things into consideration and disapprove this request.
