FROM: Kenneth Laden
Administrator

Date: JAN 13 2000

SUBJECT: BZA Application No. 16531 Special exception to construct four youth residential care buildings each housing no more than six persons and to construct or renovate an administration building.

The Department of Public Works (DPW) has reviewed the application and other supporting materials submitted by the applicant. This report addresses the transportation aspect of the proposal.

This application seeks to increase the number of foster children in its current facility from 15 to 24 or nine more persons. Staff persons will increase from 20 to 24 persons in three shifts over 24 hours. We note that parking is available on site in an existing parking lot to be expanded from 21 to 33 parking spaces. This level of parking is more than adequate to accommodate employees and visitors to the site with little or no measurable impact on the transportation system in the area. Accordingly, DPW supports the proposal.
