Mr. Angel Clarens, Chair

Adjustment

RE: Correction to Motion to Expedite Publication of Written Order; BZA Application No. 15805; Boys Town USA; 4801 Sargent Road, N.E.

Dear Chairperson Clarens:

On behalf of our client, Boys Town USA, the applicant in the above-referenced case, we hereby request that the Board of Zoning Adjustment ("BZA") note an inaccuracy in our Motion to Expedite Publication of the Written Order ("Motion") in the above-captioned case which was filed July 20, 1993.

In the next-to-last paragraph of the Motion, we stated that "Boys Town has already begun meeting with local neighbors to try to address the erosion control problems and to establish a liaison with the community to address its occupancy of the property." The use of "local neighbors" was not accurate. The individual with whom Boys Town has been discussing this issue is a representative of Advisory Neighborhood Commission 5A and not an immediate neighbor of the property. Nonetheless, Boys Town has retained the appropriate technical personnel -- land surveyor and civil engineer -- to evaluate these problems and fully intends to honor its obligations in this regard upon the issuance of a final Order.

We apologize for the inappropriate use of words. There was no intention to infer that the erosion issues have been resolved, merely that Boys Town, which had absolutely no knowledge of this

problem until the BZA hearing, was looking into the matter. We do not believe that this inadvertence changes any of the substance of the Motion and we respectfully request that the BZA grant our request.
