Slowe School Demountable
14th and Irving Streets, NE
Washington, DC 20017

Dear Mr. Dickie:

On February 14, 2000, the Queens Chapel Civic Association body voted unanimously to approve the Boys Town proposal for expansion, with the provision that Boys Town and the DC Department of Public Works coordinate on completing the required repairs that would satisfy the community's environmental issues. These issues have been identified in previous meetings.

Sincerely,

James Ardrey
President, QCCA
