COMMENTS

If you were to testify at the hearing, what would you say?
Let the "BZA" know how you feel about "BOYSTOWN USA" and their plans to build and expand.

I disagree with the building and expandtion of BoysTown USA in the North Michigan Park area, and in any other residencial area for that matter. Residents need to feel secure in their neighborhoods and by bringing troubled youth into the area will only bring on more insecurities of the people who live here. I have seen some Youths being escorted back to the BoysTown property by I assume employees of BoysTown and to show that it was that easy for them to leave the property, brings alot of concern that I have for my family and myself. Your home should be some place where you feel safe at all times. I am for the rehabilitation of troubled Youths but, I don't think it should be done in a residential area. There are so many things happening in the City today and I for one would like to think that me and my family are feeling a sense of security when we are home, not wondering about possible breakins etc. and the youths that are being housed there already have had some problems, so whats going to happen if more youths are sent there? What happens to the community as a whole?

COMMENTS

If you were to testify at the hearing, what would you say?
Let the "BZA" know how you feel about "BOYSTOWN USA" and their plans to build and expand.

I live within a 200 ft radius of Boys Town. I am concerned about security. Boys Town has a security problem with its current population. If allowed to expand without correcting its current security problem, would impose a threat to the immediate neighborhood.

COMMENTS

If you were to testify at the hearing, what would you say?
Let the "BZA" know how you feel about "BOYSTOWN USA" and their plans to build and expand.

We were promised back in 1992 (I believe) that Boystown would not be expanding & that we had nothing to be concerned about. Promises were made to put more trees on the side of their property which is parallel to 13th Place, which would help with erosion. When it rains water stands at the edge of our property & what few trees were planted did not last. Boystown went back on their word & I feel they cannot be trusted.

COMMENTS

If you were to testify at the hearing, what would you say?
Let the "BZA" know how you feel about "BOYSTOWN USA" and their plans to build and expand.

I donot Want Boys Town to EXPand, Because they have not stopped the Water from running in the back of the houses. In 1999 September I had Water to run in my Basement for ~~four~~ Months straight. Until they can Solve the Water problem I don't think they should Build or expand. I donot support them in Building, They also need a retaining Wall to hold down the noise from the Kids.

The Church on the Corner of Sargent Rd & Delefield should be Condimed Because it is Unsafe..

It is to my understanding that by living in a residental area you are to feel free to go and come without looking over your shoulders. I realize that this behavior can happen anywhere you live. but with in an area with high security ~~area~~ we have to be extra careful. furthermore if we can prevent other problems within our area and around our homes we can't allow boystown to expand.

COMMENTS

If you were to testify at the hearing, what would you say?
Let the "BZA" know how you feel about "BOYSTOWN USA" and their plans to build and expand.

It makes me very sad & nervous to think about expanding Boystown without taking into consideration the following issues:

- When a kid is uncontrollable, does not want to be talked to, walks off the ground & the counselor walks back to the building, where does the kid go? There is the security? What if he/she walks into my front or back door & walk to take their frustrations out on my family? Who responsible for whatever happens?
- The police drive over there alot. What they do is "have the suspect on until they are a few feet away from the entrance & then turn them off." Why do they always over there?
- Traffic volume has increased. Vehicles & sometimes walkers come & go all hours of the day & night.
- Senior citizens go on their daily walks & kids are outside playing. What if one of the kids want to take their frustrations out on them! etc.
- Who going to pay for the water damage to these homes that is currently in existence! No one has cleared-up what's been messed-up. They were the damages & the cost of fixing the current problem + had no one wants to claim! Stop passing the problem to the next person. It's the "natural spring" that wants to be left alone. Nature says "NO EXPANSION"

If you were to testify at the hearing, what would you say?
Let the "BZA" know how you feel about "BOYSTOWN USA" and their plans to build and expand.

I don't feel Boystown should expand But I would need to know more about the "Expansion" - What would it entail?

My problems & concerns all about the Noise problem on Delafield Street and the Sleeping people who live next door to me.

Instead of attacking Boystown, USA maybe we need to attack DC Government. Hold D.C. government accountable.

PLEASE!

☐ **FOR:** I HAVE NO OBJECTIONS TO APPLICATION #16531 BEFORE "BZA" REGARDING A SPECIAL EXEMPTION THAT WOULD ALLOW "BOYSTOWN USA" TO BUILD AND EXPAND

I SUPPORT THE "BOYSTOWN USA" EXPANSION

☑ **DELAY:** I OBJECT **"AT THIS TIME"** TO APPLICATION #16531 BEFORE "BZA" REGARDING A SPECIAL EXCEPTION FOR "BOYSTOWN USA"

FIX THE EXISTING PROBLEMS FIRST, LIKE YOU WERE SUPPOSED TO DO, SEVEN YEARS AGO. LET'S IDENTIFY AND RESOLVE THE WATER PROBLEMS AND SECURITY ISSUES. THEN, WE CAN TALK ABOUT EXPANSION

☐ **AGAINST:** I OBJECT TO APPLICATION #16531 BEFORE "BZA" REGARDING A SPECIAL EXCEPTION THAT WOULD ALLOW "BOYSTOWN USA" TO BUILD AND EXPAND

I DO NOT WANT "BOYSTOWN USA" TO BUILD AND/OR EXPAND

COMMENTS

If you were to testify at the hearing, what would you say?
Let the "BZA" know how you feel about "BOYSTOWN USA" and their plans to build and expand.

I have lived at 1271 Delafield Pl. NE for 42 years, In more recent years we had problems with water in the back yard & basement. The backyard stays wet near the top & there is a hole around the basement window — this hole was not always there.
