Re: Board of Zoning Adjustment Application No. 16531
Father Flanagan's Boy's Home (Girls and Boys Town) Sargent Road

Dear Board of Zoning Adjustment Commissioners:

This letter supports Girls and Boys Town's application for expansion of its facility at 4801 Sargent Road, NE in our neighborhood. As a resident of Ward 5, I am interested in programs and services that benefit our community.

We have over 3,300 District children in foster care and more than 900 placed in Maryland. Each night children are sleeping in unsafe and unacceptable environments because the District simply cannot accommodate them. Girls and Boys Town is trying to provide additional residential homes for children. Clearly, they are part of the solution.

Our community not only supports the work of Girls and Boys Town, we also want to see more quality foster services. Boys and Girls Town has cared for children and young people for several decades. This application will allow them to expand and further extend their care to children in need.

I applaud the work that Girls and Boys Town has undertaken in forming a Community Advisory Liaison Committee to seek additional community input on its plan. They are working in earnest with the community.

Commissioners, our children's future is in your hands. Allow Girls and Boys Town to expand and care for children desperately awaiting services.

Sincerely,

Norman Ceasar

Dear Board of Zoning Adjustment Commissioners:

This letter supports Boys and Girls Town's application for expansion of its facility at 4801 Sargent Road, NE in my neighborhood. As a resident of Ward 5, and a vice president of the North Michigan Park Civic Association, I am particularly interested in promoting programs and services, which benefit our community, and Boys and Girls Town is certainly such an agency.

The state of the foster care in the District is abysmal. We have over 3,300 District children in foster care and more than 900 placed in Maryland. Moreover, each night children are sleeping in unsafe and unacceptable environments because the District simply cannot accommodate them. Boys and Girls Town is trying to provide additional residential homes for children. Clearly, they are part of the solution.

Our community not only supports the work of Boys and Girls Town, we also want to see more quality foster services. The children that the DC Child and Family Services refers to Boys and Girls Town are District residents and they have a right to be provide for by District agencies. Boys and Girls Town has cared for children and young people for several decades. This application will allow them to expand and will further extend their care to children in need.

I applaud the work that Boys and Girls Town has undertaken in forming a Community Advisory Liaison Committee to seek community input on its plans. I have attend the meetings of this committee and I am happy to see how far Boys and Girls Town has come in addressing the concerns of a few neighbors regarding water mitigation and cooler noise abatement. They have worked in earnest and I feel confident that the construction and work that is underway will resolve any outstanding issues.

Commissioners, it is really up to you. Allow Boys and Girls Town to expand and care for children desperately awaiting their services.

Re: Board of Zoning Adjustment Application No. 16531
Father Flanagan's Boy's Home (Boys and Girls Town) Sargent Road

Dear Board of Zoning Adjustment Commissioners:

This letter to supports Boys and Girls Town's application for expansion of its facility at 4801 Sargent Road, NE in our neighborhood. As a resident of Ward 5, I am interested in programs and services, which benefit our community and Boys and Girls Town is such an agency.

We have over 3,300 District children in foster care and more than 900 placed in Maryland. Moreover, each night children are sleeping in unsafe and unacceptable environments because the District simply cannot accommodate them. Boys and Girls Town is trying to provide additional residential homes for children. Clearly, they are part of the solution.

Our community not only supports the work of Boys and Girls Town, we also want to see more quality foster services. Boys and Girls Town has cared for children and young people for several decades. This application will allow them to expand and further extend their care to children in need.

I applaud the work that Boys and Girls Town has undertaken in forming a Community Advisory Liaison Committee to seek additional community input on its plan. They are working in earnest with the community.

Commissioners, our children's future is in your hands. Allow Boys and Girls Town to expand and care for children desperately awaiting their services.

Sincerely,

Marcella V. Sanford
ANC Comm.
