STATEMENT OF EXISTING AND INTENDED USE

The Subject Site currently consists of one youth residential care home comprised of one building unit housing a maximum of six long-term residents and an emergency shelter accommodating a maximum of twenty persons. The Applicant submits two alternative proposals: 1) construction of four residential care building units each housing not more than six persons and an addition to an administrative building; or 2) construction of four residential care building units each housing not more than six persons and conversion of the existing residential unit into administrative use.
