BOARD OF ZONING

Board of Zoning:
Application No. 16550

I am writing to express my views about the plan to build 10 town houses on the lot next to the alley in the 1400 Block of Webster St. N.W.

I oppose this plan because it would block the view of the home owners, bring in more traffic and noise, trash and pollution.

This lot is a nuisance and eyesore and something needs to be done about it but building ten House on it would only create more problems, and take away the privacy of the long time Home Owners.

Sincerely,
A. A. Rector
