Director
Office of Zoning

Suite 210

Dear Mr. Kress:

I am writing you in reference to Application Number 16550, in which Stacy Hamblin is seeking a variance from Subsection 2507.2. Mr. Hamblin is seeking permission to construct ten (10) single-family row dwellings on Square 2699, Lot 64.

I strongly appose granting Mr. Hamblin a variance to construct the dwellings. Currently, many of the families living in existing homes have two, three, and even four cars. This makes it very difficult to find a space to park on the street, especially after 7:00 pm. The construction of 10 new homes will make this situation worst. Even if Mr. Hamblin provides off street parking for the dwellings, there will be multiple car families and visitors parking on the streets of the neighborhood.

Sincerely,

Evelyn M. Bowling
