**The Welch Family Limited Partnership #10**
**C-2-A District "Public Hall" Parking Variance**
**1335 H Street, N.E. Square 1027, Lot 824**

Dear Ms. Kress,

In addition to the letter sent to you dated 4 February, 2000, we would like to emphasize that we are opposed to a **"Parking Variance"** for 1335 H Street, N.E. We oppose on the grounds stated in the original correspondence.

We are also unaware of whom we are actually dealing with as owners of the property and the proposed business. We don't know specifically how this business would manage a "Public Hall" license and seven (7) parking spaces three blocks away is simply not feasible.

The hours of proposed operations would impact negatively on our fellow neighbors. We thank you for your consideration in these matters.

Sincerely,

Lisa A. Greene
