RE: The George Washington University Campus Plan
Board of Zoning Adjustment Application No 16553

Dear Members of the Board:

As a resident of Ward 2 and a neighbor of George Washington (GW) University, I am writing this letter to let you know that I and many of my neighbors strongly object to GW's continued encroachment into our once quiet neighborhood. I have reviewed GW's Campus 2000 Plan and the projected future growth of the GW student population frightens me.

My apartment building, once a wonderful place to live, is now a nightmare. The early evening hours are disturbed by loud music from student apartments and loud late night conversations in the apartment hallways. My neighbors and I are routinely awakened by loud and vulgar student conversations out on the street, and we are greeted by broken beer bottles when we exit the building in the morning.

Based on my personal experience, I do not feel that GW has been a good neighbor and I do not believe that their promises to the community are genuine. I truly believe any further expansion by GW into the West End/Foggy Bottom neighborhood will result in departure of the stable and carrying occupants of the neighborhood. ***Please, as Board Members, do not allow GW any further expansion in our neighborhood.***

Thank you in advance for your consideration in this matter and for any help you can render in protecting our neighborhood and quality of life.

Sincerely,

Patricia L Dawson
