Re: G.W.U. BZA CASE 16553

Dear Mr. Demczuk:

On behalf of my colleagues, I want to thank you for your assistance in arranging for the District of Columbia Financial Responsibility and Management Assistance Authority ("Authority") to hold its senior staff retreat at the George Washington University Club.

The staff retreat was largely successful as a result of the facility, which provided an environment conducive to reflection and discussion. We were also impressed with George Washington University Club staff, who provided outstanding service and was very accommodating in meeting our needs.

George Washington University has been a valuable partner in the recovery of the District of Columbia government through its participation in many efforts. We applaud those efforts and your willingness to assist the Authority in its efforts to promote financial and management reform in the District of Columbia government.

Sincerely,

Francis S. Smith
Executive Director
