Re: BZA Application No. 16553
George Washington University Foggy Bottom Campus Plan

Dear Ms. Reid and Members of the Board:

This letter is a joint request to postpone the May 24 public hearing on the above referenced application. The Office of Planning has requested this postponement and the applicant, George Washington University, has agreed in order to allow additional time for resolution of outstanding issues and to hopefully streamline the public hearing process when it goes forward. It is requested that the public hearing be continued until September 12, 2000, which the Office of Zoning has advised is the next available hearing date given the press of other business before the Board. In order to ensure that the public hearing process will be concluded in September, staff has also reserved the hearing date of September 26, if needed. It is sincerely hoped, however, that the public hearing on this application can be concluded on September 12.

The Office of Planning has been in contact with the ANC and other community groups and they have no objection to the requested postponement.

Respectfully submitted,

Charles K. Barber
Senior Counsel
George Washington University
