Ms. Jerrily Kress
Executive Director, Office of Zoning
Washington, D.C.

Dear Ms. Kress:

I write to request that the BZA quickly and urgently reconsider its recent decision to schedule the hearing of the George Washington University campus plan case. For whatever reason this has been moved to the highly inconvenient September 12 Election Day. This change works no hardship on the professional attorneys and university personnel who will attend such a meeting, but it is an undue hardship for the neighborhood volunteer representatives who must present on behalf of the community and otherwise deal with a whopping ten-year plan for a significant part of Foggy Bottom-West End.

Many of these concerned active community leaders are customarily involved in election day activities, and are part of the election fabric, both inside and outside the polls. Elementary fairness dictates that a more suitable hearing date be selected by the Board. I urge that you make make this calendar adjustment in short order, in order to quiet community concerns.

Sincerely,

Guy Gwynne
President
