Dear Ms. Reid and Members of the Board:

I am hereby requesting that "party" status be granted in me in the case regarding The George Washington University Campus Plan that I understand will be heard for the first time on March 29, 2000. I am an Advisory Neighborhood Commissioner (2A06) that lives within the current and proposed campus boundaries and this case will undoubtedly have a large effect on my single member district and specifically on the quality of life for residents within it.

Thank you for your cooperation and consideration of my request.

Sincerely,

Steven J. Mandelbaum
Advisory Neighborhood Commissioner
